PRESIDENT: Senator Goodrich.

SENATOR GOODRICH: Mr. President, members of the body.
I rise in wholehearted support of Senator Simpson. The
effect on the University, I've been working on what was
cut and what was not cut and that sort of thing. I can
see some real problems with the ... for the University in
the event that we do not override this veto. There are
a roximately $1,881,937 vetoed from the University. We
went over the University figures very carefully when we
were budgeting for this. We feel that they need this
money. Frankly, we were extremely conservative with them
when we put that amount of money in the budget. They
were asking for considerably more. We cut them back to
what we did appropriate. For that reason I would suggest
to you that the only thing we can do is override this
veto. I wholeheartedly support Senator Simpson's motion.
Thank you.

(Senator Savage presiding)
